

**BIANCO PAVIA IGP “MISCHIABACCHE
BIANCO” - CASTELLO DI STEFANO**

Vinification: Selective manual harvesting is done for fully ripened grapes. The Müller Thurgau berries are the first to be harvested and gently pressed. When fermentation begins, the Riesling Renano berries are harvested, softly pressed, and added to the same vessel. Fermentation and maturation occur on the lees in stainless steel vessels. Racking and bottling take place in the spring. The wine is unfinned and unfiltered.

Tasting note: A deep yellow colour with a hint of gold emits a seductive floral aroma. The balanced aromatics, stemming from the harmonious blend of Riesling, Müller Thurgau, and Chardonnay, create satisfying sensations of savouriness and freshness on the palate.
