

MALONDRO BLANC - D.O. MONTSANT - MALONDRO CELLER

White wine, with a clean and shiny appearance, slightly golden, given by the skin color of the variety predominant which is the red Grenache.

On the first nose, it is a clean and frank wine with aromas, of medium intensity and high complexity.

On the second nose, fruity and very fresh aromas stand out, where mineral notes combined with exotic fruits such as pineapple and peach, accompanied by light floral touches, recalling the profile aromatic balsamic from the Mediterranean.

In the mouth, the entry is quite pleasant, with good structure and a freshness that accompanies the wine in its passage.

on the palate, and which is still present in the aftertaste, where memories of fruit and a slight salty point remain.
