## SAUVIGNON ORGANIC MENADE

Color: Yellow with golden reflections.

Nose: Aromatic intensity and complex display of various essences reminiscent of mint, celery, fresh basil with soft tones that evoke similarities with the tangerine / tangerine skin.

Palate: Fruity, round with a slight integration of fruit that reveals papaya and passion fruit, wrapped in a strong texture component

100% Sauvignon / Certified organic natural viticulture specially treated looking for a lower yield in order to obtain a higher maturation.
