*Vestiges of a roman wine estate, architecture from the 13th century, a classified historical site... Here the visitor is immersed in the history of Pays d'Oc! Our wines are also inspired by its ancient culture and this wild land.*

## **Degree**

12%

## **Grape**

100% Grenache

## **Soil**

Clay-gravel and volcanic

## **Culture**

Vines are ploughed. We do not use weedkiller  
Pruning is short to regulate the vine's growth and its grapes yields

## **Harvest**

The grapes are picked up by machines at the best maturity. The stalks are taken off to avoid vegetal tastes.

## **Yield**

60 hl/ha

## **Vinification**

The whole grapes are placed in vats. The process of fermentation starts naturally. It starts with the juice that runs from burst grapes and also takes place into each grape. The skin and juice contact lasts no more than 8 hours, then we separate the juice. It allows a nice extraction of fruit flavours and colour.

## **Pressing**

Pneumatic

*Our tasting comment : Surprising! Here comes a wonderful salmon pink dress full of promises...classy? Discover an expressive nose divided between rose and grapefruit, full of elegance and restrained. Then, refreshing, chilled, mineral and crunchy, the mouth is expressed/ express itself with seriousness and delicacy. The whole slips/ slides to a fruity ending, a mix of cherry and blueberry with a luxurious material...so that the taste buds don't get tired.*

## **Serve at**

Frais. 8-10 °C.

## **A table**

*We imagine it with squid "à la plancha", wild asparagus risotto or even a fish tartare, citrus and fresh cilantro...to push heaven's doors!*

## **Availability**

Bottle 75cl
